

Udonosu beach

It is a very calm beach near Chabana.

Address : 2352-3 Chabana Yoron-cho

The gentle waves make it relatively easy to swim.

A lot of local people go to this beach and is very popular in the area. It is also good for diving and snorkeling since there is nice coral reef ecosystem If you go further out to the sea. You might be able to see colorful fishes and some sea turtles too. Some say that you can meet sea turtles around area while you enjoy snorkeling. There is a sandbar as well, that only comes out when the tide is low which you can walk around and enjoy.
